Dear Merchant,

President Biden recently signed the PPP Extension Act which extends the application deadline for PPP. **The extended deadline for applying for the second round of the Paycheck Protection Program (PPP) is now May 31st.** Visit the Small Business Administration [website](#) for all the information necessary to apply.

This extension is beneficial as it gives businesses more time for the application process. This extension does not allow for an increase in the amount of available funding for the PPP. As of March 21st, \$196 billion of the \$290 billion has been awarded to businesses. It is projected, at the current lending rate, funds should last through mid-April. We urge you to get your applications in!

If you are having problems with your bank, A10 Capital has been able to facilitate many tenants with securing PPP funding. **[CLICK HERE](#)** for A10 contact information.

We urge you to seek information about other grant programs that may be available through your state, county or city.

If you have any questions, please do not hesitate to reach out to myself or your property manager.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sandy Sigal'.
